FORWARD

**Cowdenbeath was first formed as a Burgh
on the 24th November 1890.**

**The town went from strength to strength and
a strong mining bond and the Co-operative
Society were the mainstay of the Community.
Sadly the era of the miners and the Co-op as
we knew them have now gone therefore we
must look to a new generation to carry our town
into the 21st Century. We must help to develop
their talents as best as we can whether it be in
education, in the sciences or in the arts.**

We begin tonight with the Arts.

**Let us wish the future generation
success in all they may do.**
